Due to structural changes in the College of Education, the Counselor Education program unit is now affiliated with the Department of Educational Leadership, Policy, and Human Development. Additionally, as part of our new Distance Education program, we have one full time instructor and one part time instructor not included in our response to question number 16. Also not included in question number 16, we have a part time clinical coordinator who teaches one course each semester.

REMINDER: Posting Program/Student Outcomes Similar to previous years, the highlighted heading, “COUNSELING PROGRAM/STUDENT OUTCOMES” was listed under each individual program area on the 2015 Vital Statistics Survey. Your responses to the questions below this heading need to be made publically available on your program’s website by September 15, 2015, and a hyperlink to that webpage needs to be sent to cacrep@cacrep.org. This link will be made public on the CACREP website to meet recognition requirements set forth by the Council for Higher Education Accreditation (CHEA). The information to be posted includes the following four data points regarding each of your accredited program areas: (a) number of graduates in the past year, (b) completion rate, (c) licensure or certification examination pass rate, and (d) job placement rate of students/graduates. If you are a new program completing the Vital Statistics Survey for the first time, you need to publically report these data points in a program outcomes report on your program website. Once this report has been posted, you then need to send a hyperlink to the report via email to cacrep@cacrep.org. If your program submitted a Vital Statistics Survey last year and you have previously posted program outcomes on the program website, you need to update your program outcomes report to reflect the most current data. If the hyperlink to the outcomes report changes when you update this information, you need to send a copy of the new hyperlink via email to cacrep@cacrep.org.
