AG Glenn Building

JCPS and NC State University are collaborating to provide two innovative programs for aspiring school leaders: (1) The Educational Leadership Practicum (ELP) and (2) The Johnston Principal Leadership Academy (JPLA).

JCPS Academic Innovation's Educational Leadership Practicum (ELP) is intended to support teachers interested in fostering their flame to become a lead learner, instructional leader, and then a school administrator. ELP is an extensive leadership pathway of paid professional development, coaching, and support to aspiring leaders in JCPS.

The Johnston Principal Leadership Academy (JPLA) is based on NC State’s award winning MSA program, which is ranked as one of the top principal preparation programs in the nation.

If you want to make an even bigger impact, come to NC State where we “Think and Do the Extraordinary!”TM
